IN MEXICO PLOTAssassin's Reputed Inspirer  
Protests InnocenceMother Superior "Surprised"  
at Obregon DeathMysterious "Joselin" Named  
as First Suspect

MEXICO CITY, Aug. 1. (AP)—  
Concepcion Arcebo de la Lata, the  
nun named by Jose de Leon Toral  
as having influenced him indirectly  
to assassinate Gen. Alvaro Obregon,  
testified at the preliminary hearing  
of Toral today that she had never  
told him or anybody that the deaths  
of President Calles, Gen. Obregon  
and the Patriarch Perez were necessary  
for settlement of the religious  
conflict. She denied she had ever  
influenced Toral to kill any living  
creature, saying, "I never thought  
he would kill even a flea."

In speaking of the prisoner she  
used the intimate nickname of  
"Pepe."

**WIFE TESTIFIES**  
Torale's wife testified the nun and  
a Catholic priest named Jimenez  
had exercised such an influence over  
Torale that they had distracted his  
attention from her. She denied  
having knowledge of her husband's  
intention to commit the crime. The  
priest Jimenez was mentioned fre-  
quently in police announcements  
respecting the investigation as one  
with whom Toral frequently visited.  
He has been sought but not found  
by authorities.

Twelve nuns who had been de-  
tained with Mother Superior Con-  
cepcion as members of her asser-  
ted secret convent, operated in a  
private residence, will be released.  
The police said that Toral's father,  
mother and wife and also relatives  
of Manuel Toral, who is said to  
have given Toral the pistol with  
which he shot Gen. Obregon, will  
be held for some time.

**ANOTHER SUSPECT**  
The nun introduced a new name  
in the case during her testimony, a  
man she called "Joselin" whose  
identity and connection, if any,  
with the affair was not determined.

Concepcion testified that she was  
surprised when she learned it was  
Torale who had killed Obregon be-  
cause she had "believed from the  
initials given in the newspapers  
that it was Joselin who killed him."

"Who is this Joselin?" the pro-  
secutor asked.  
"A very brave young man who  
has been deported to the United  
States."  
The prosecutor then sought  
further information on the identity  
of Joselin and the nun answered:  
"I do not know the name of Jose-  
lin. His very brave acts have been

AIR PASSENGER  
STRUCK DUMBGeorgian's First Plane Ride  
Leaves Him Speechless as  
to Experience

MARIETTA (Ga.) Aug. 1.  
(Exclusive)—William Atkins,  
35 years of age, employee of a  
garage here, will remember the  
air derby in Atlanta last  
Sunday to his dying day. It  
was the occasion of his first  
airplane ride.

But he cannot tell his  
friends about the thrills of the  
day—for he cannot speak.  
When he went to express his  
pleasure as the plane landed he  
discovered he could not  
even whisper. No one has been  
able to talk since, although  
he feels well physically and is  
continuing with his regular  
work.

related to me by visitors who also  
told me he had been deported."  
"And why did you say it was Jose-  
lin who killed Obregon?"  
"Well, from the initials—I mean  
from the first initial in the news-  
papers."

**ACTS INDEFINITE**  
Further questioning did not re-  
veal what were Joselin's brave acts  
the circumstances of his depor-  
tation or his identity.

The nun said that she first  
learned of Obregon's death from the  
newspapers and first knew that  
Torale had killed him after she had  
been arrested. Toral himself be-  
ing brought before her by the po-  
lice, told her that he had killed  
Obregon. She testified that at this  
meeting Toral asked her:

"Do you want to die with me?"  
and that she replied, "Yes, I want  
to kill me." No further ex-  
planation of this conversation was  
made.

**State Education  
Chiefs to Meet  
Next December**

WASHINGTON, Aug. 1. (AP)—John  
J. Tigert, chief of the Federal Bu-  
reau of Education, announced to-  
day that the national council of  
State superintendents and com-  
missioners of education will con-  
vene here December 11 and 12 to  
discuss educational questions with  
Federal authorities.

Problems to be considered include  
educational statistics, uniform re-  
ports and co-operation between the  
Federal Bureau and the State bu-  
reaus of education.

CROATS DEMAND  
THEIR FREEDOMSeceders from Jugo-Slavian  
Assembly Sit at ZagrebSlaughter at June Session  
Cause of RevoltAction Held as Presaging  
Political Changes

BELGRADE (Jugo-Slavia) Aug. 1.  
(AP)—Two Parliamentary bodies met  
in Jugo-Slavia today, one at the  
National Assembly in Belgrade and  
the other at Zagreb, capital of  
Croatia, again bringing up the po-  
ssibility that the trine kingdom  
created in 1918 may evolve into a  
dual kingdom patterned after the  
late Austro-Hungarian empire.

While the National Assembly was  
in session at Belgrade with nearly  
all of the opposition absent, members  
of the Parliament elected for Croatia  
met in the old Croatian Parliament  
Building in Zagreb for the first time  
since the formation of the trine  
kingdom ten years ago.

The meeting of the Croatian Par-  
liament developed into a popular  
demonstration in favor of a free  
Croatia and the Parliament adopted  
a series of resolutions refusing to  
recognize any decisions or financial  
obligations undertaken by the  
rump Parliament at Belgrade.

The resolutions also asserted full in-  
dividuality for each of the provinces  
united in 1918 and full autonomy for  
the Croatian people.

The meeting at Belgrade was the  
first session of the National As-  
sembly since the shootings of June  
20, when a government Deputy in  
the midst of heated debate opened  
fire on the Croatian Deputies pres-  
ent. Stefan Raditch, leader of the  
Croatian peasant party, was seri-  
ously wounded and his nephew, Paul  
Raditch, was killed in trying to  
shield him. Deputy Basaritchek,  
another Croatian, also was killed.

Since this episode the Croatians  
have refused to return to Belgrade.

MEXICO CITY  
POLICE CODE  
MODERNIZEDNew Chief Announces End  
of Arbitrary Treatment of  
Arrested Persons

MEXICO CITY, Aug. 1. (AP)—  
Radical changes in the adminis-  
tration of the police department were  
announced today by Gen. Antonio  
Rios Zertuche, who succeeded Gen.  
Roberto Cruz in that post after the  
assassination of President-elect  
Obregon. Gen. Zertuche, a close  
friend of Obregon, has now been  
named permanently to the police  
post.

No prisoner hereafter will be held  
incommunicado, he announced. The  
use of the basement cells in the  
police headquarters will be abo-  
lished.

The police will not hold anybody  
more than seventy-two hours with-  
out handing the accused over to the  
courts. This is in contrast to  
Gen. Cruz, who allowed those un-  
der arrest to remain for weeks and  
sometimes for months in the basem-  
ent cells before citing them to the  
courts for trial.

Mexican Rebels  
in New Defeat

MEXICO CITY, Aug. 1. (AP)—Dis-  
patches from Queretaro today said  
that several insurgents had been  
killed in different clashes with Fed-  
eral forces under Col. Marquez  
along the border between the States  
of Queretaro and Guanajuato.

The authorities announced that  
three men had been captured car-  
rying ammunition to the insurgents  
and were court-martialed and ex-  
ecuted.

The latest combat took place on  
Tuesday when a band under the  
Chieftain, Luis Herrera, was dis-  
persed. Federal forces are pur-  
suing the groups along the border.

SPEED NOW CRY  
TO AID SAFETYSurvey Shows Tendency to  
"Step on the Gas"Twenty-three States Have  
"Move-on" SloganRecklessness Now Target to  
Cut Fatalities

WASHINGTON, Aug. 1. (AP)—A  
tendency on the part of States to  
increase speed limits in the inter-  
est of safety is becoming increas-  
ingly evident, in the eyes of the  
American Automobile Association.

Results of a survey conducted by  
the association show that within  
the past three years a total of twenty-  
three States have wiped out "ob-  
solete" speed laws and that the  
"move-on" slogan in the open coun-  
try, together with drives to elimi-  
nate speed traps and roadside courts  
has "done much to facilitate the  
movement of the ever-increasing  
number of automobiles."

The association reports there has  
been a "very notable development in  
the tendency to divorce speed and  
recklessness and to judge the reck-  
lessness of the driver on the facts  
in the case and the situation con-  
fronting him."

"Secondly," it said, "there was a  
very marked increase of opinion in  
favor of minimum speed laws, this  
thought being advanced by State of-  
ficials who have observed over a  
long period of time that many acci-  
dents are due to people taking a  
chance in getting out of the line of  
slow-moving traffic."

States having speed laws allowing  
the motorist to "step on it" out in  
the open, the survey showed, have  
contributed less to the accident list  
than those with "obsolete regula-  
tions."

BOSTON MAN IN WRECK

SACRAMENTO, Aug. 1. (AP)—At  
the request of relatives, Chief of  
Police Lawson of Woodland was  
seeking today to determine the  
whereabouts of W. H. Brown, Bos-  
ton (Mass.) business man, who left  
Woodland Sunday night after in-  
juries received in the Southern  
Pacific accident at Corvina, Colusa  
county, had been dressed at the  
Woodland Hospital. Brown was  
not seriously injured.

## Are You Ready to Retire?

Plan a country place, beach house, golf club...  
all in one... at this unique seashore community

Why not plan a real vaca-  
tion, perhaps for the rest  
of your life? Forget the  
stuffy city, its hurrying  
crowds. Forget you ever  
had a worry, and enjoy life  
as you choose.

Select a beautiful wooded  
ridge site at Del Mar, over-  
looking the hills, the canyons  
and the sea. Build a Spanish  
villa adjoining the million  
dollars' worth of fine estates  
already here. Or a modest  
cottage by the seashore.

Enjoy some of  
the best bathing on  
the Pacific, with  
wide, clean beach  
and gentle surf; golf  
on 18-hole all-grass  
course; ride horse-  
back; tennis; fish;  
hike. Do all this a  
few minutes from  
your home.

**Prices Are Lower Here**  
If you act at once, you  
can select a site at prices  
lower than any other com-

### OIL EXPLOSION BURNS SCORES

Three Dead and Seven May Die in Refinery Blast

LAWRENCEVILLE (Ill.) Aug. 1. (AP)—Explosion of an old steam-oil still at the Indian refinery here today caused the death of three men and injured fifty-three others, seven seriously.

The blast occurred while the refinery's volunteer fire brigade was fighting a small blaze at the still and drenched almost three score of them in burning oil.

The explosion occurred without warning. Burning oil spurted 100 feet upward through a manhole of the still. The blazing oil sprayed down upon the fire fighters, who had no chance to save themselves.

Jack Freese, 42 years of age, refinery employee, father of two children, died of his burns and the lives of nine other men were despaired of by physicians.

Of the fifty-five burned, thirty-seven were sent to the hospitals as serious cases.

### River Floods Kansas Town

Salinas (Kan.) Aug. 1. (AP)—Flood water of the Saline River inundated Vesper today.

Early today the dikes went out and the water quickly spread over all parts of the town. In the business district water was from six inches to a foot deep while south of the Union Pacific tracks the water was four feet deep, invading houses in that section.

### OREGON-CALIFORNIA RAILWAY LINE NEAR

SAN FRANCISCO, Aug. 1. (AP)—Construction of the proposed ninety-seven-mile railroad between Klamath Falls, Or., and Alturas, Cal., will begin in from thirty to sixty days when the survey now being made is completed, officials of the Southern Pacific Railroad announced here today. The line, contemplated by the railroad for some time, has been approved by the Interstate Commerce Commission and is expected to give easier access to the Klamath Basin and Central Oregon.

### HOT PRIMARIES STIR TENNESSEE

Bourbon Aspirants Legion at Election Today

NASHVILLE (Tenn.) Aug. 1. (AP)—Tennessee's senior United States Senator, Kenneth D. McKellar of Memphis, and Representative Finis J. Garrett of Dresden, the State's oldest Congressman in point of service, are entered in a four-cornered race with George L. Casey of Gibson county and John Randolph Neal of Knoxville for the Senatorial nomination in tomorrow's Democratic primary.

The Republican primary will be held simultaneously. Mayor James A. Fowler of Knoxville is unopposed for the Republican Senatorial nomination.

The Democratic gubernatorial race, which has a field of four, has produced fireworks aplenty between supporters of Gov. Henry H. Horton and Hill McAlister of Nashville. The Republican gubernatorial nomination rests between Judge John T. Baughman of Winchester, who presided at the Scopes evolution trial, and Raleigh S. Hopkins of Columbia.

### Public School Districts Lapse

SACRAMENTO, Aug. 1. (AP)—Suspension of approximately sixty California public-school districts because of attendance losses was announced today by the State Department of Education. The law requires districts be suspended when the attendance total falls to five or less. The districts all may be re-established when there are eight or more pupils ready to attend classes, otherwise they will be lapsed.

It is announced all the suspended districts are in remote sections, many in regions almost inaccessible during the winter and early spring, and that many can be merged with other districts and educational facilities improved and costs reduced.

### SOFT PEDAL PUT ON TARIFF TALK

Baldwin Rebukes Ministers for Premature Views

LONDON, Aug. 1. (AP)—Sir William Joynson-Hicks, Home Secretary, and other ministers who have been openly advocating "protection" as election slogan for the Conservative party, were rebuked by Stanley Baldwin, Prime Minister, at today's session of the Cabinet.

It is understood that henceforth the individual ministers are to refrain from expressing their personal opinions on such matters too openly, pending decision as to what will be the general tariff policy of the Cabinet for the next general elections.

The matter came to a head largely as the result of a speech by Secretary Joynson-Hicks last Saturday, in which he stated that the time is approaching when the tariff will be needed to safeguard British iron and steel industries.

Premier Baldwin previously had refused a plea by those industries that protection for them should be made a Cabinet policy.

### Thin, Run-down Mother Quickly Gains 5 lbs.

"I gained 5 lbs. while taking Ironized Yeast," writes Mrs. George Decker. "That means quite a bit, as my folks are both thin. What I prize most is the difference in the way I feel and the way I have. Before I took Ironized Yeast I had to hire a girl to help me with any hard work. But now I do all my house-cleaning alone."

"People who had tried everything else in vain write how they gained 15 pounds in a few weeks. Skinny limbs quickly round into chubby curves. Flimsy skin clears up. Tired feeling banishes.

# Sore, burning feet relieved instantly —with healing, soothing unguent!

New *vanishing* foot cream takes sting, burning and aching from sore, tired feet, with first application or no cost.

NO longer need you suffer from sore, burning, swollen, aching, tired feet, callouses or corns, bunions or blisters—for foot specialists have perfected a marvelous, soothing unguent which makes foot troubles a thing of the past.

This amazing formula dates back centuries to when the ancients sought relief for feet, burning and aching from hot sands of the desert. Just as these people of antiquity soothed their suffering feet with healing oils and unguents, so can you get quick relief with Coolene, a marvelous cream, containing frankincense and myrrh, and other penetrating, healing oils which ease and cool the aching, burning feet at once.

## Ends real cause of foot pains

Ordinary baths, powders and plasters fail to bring lasting relief from foot troubles because they do not reach the real cause.

But Coolene penetrates quickly to the irritated, inflamed nerves and tissues—soothes and cools them—relieves congestion in the tiny veins—and almost at once you enjoy new, easy, glorious foot health and comfort.

## Note the instant relief!

No more need for medicated baths that make the feet tender, powders that dry and crack the skin, or for dangerous cutting. Coolene brings instant relief because it reaches the source of the trouble. It is *greaseless*, vanishes instantly and cannot stain.

Try Coolene today—it is sold under a liberal guarantee of complete satisfaction or money back.

RICKARD SEEKS  
NEW CONTENDER

His Habitual Eliminates in  
Comeback Movement  
Rin Tin Tin" Sharkey Gains  
Favor With Tex

Nice Looking" Loughran  
Now With Eliminators

BY WESTBROOK FROEL  
NEW YORK, Aug. 1.—Mr. Tex  
Rickard's efforts to bring order out  
of chaos in the heavyweight division  
of the prize-fight industry probably  
will yield much more chaos before  
any order appears. However, this  
situation is not as  
ludicrous as it  
sounds to the  
naked ear, be-  
cause the chaos  
will consist  
largely of elimi-  
nation prize  
fights and it is  
well known that  
elimination  
matches, produced on a large scale,  
hold a high rate of profit.

The reason for this is that when  
a prize fighter is engaged in being  
eliminated on a bimonthly sched-  
ule he is unable to command as  
high a rate of pay as champion or  
a logical contender may exact. This  
increases the producer's margin of  
profit. Now that Mr. Gene Tunney  
has helped himself to large amounts  
of seclusion, Mr. Rickard recog-  
nizes six of last year's habitual  
eliminates and one new member  
as contenders.

The six are Thomas Heeney,  
Pauline Gooden, Knute Hanson,  
Phillip (Suffering) Scott,  
Jack (Rin Tin Tin) Sharkey  
and John (What month is it?)  
Rizzo. The newly admitted mem-  
ber is Thomas (Nice Looking)  
Loughran. But, under the rules  
of these boys will have to  
accept modest remuneration  
for their elimination work, be-  
cause while Mr. Rickard recog-  
nizes them as contenders, he  
does not recognize any of them  
as logical yet.

Of course their contests will not

Stribling Lays  
Claim to Title

MAISON (Ga.) Aug. 1. (P)—  
W. L. (Young) Stribling, Ma-  
con boxer, today laid claim to  
the world's heavyweight box-  
ing title, which has been re-  
linquished by Gene Tunney.  
The announcement was  
made by Stribling's father,  
who is his son's manager. "Pa"  
Stribling said the claim was  
based on Stribling's defeat of  
Johnny Rizzo some time ago,  
and on two defeats he had  
administered to Gene Cook,  
Australian heavyweight cham-  
pion, who twice beat Tom  
Heeney.

Young Stribling once was  
matched to meet Tunney in  
Miami, Fla., but the fight was  
abandoned when financial ar-  
rangements failed.

Young Stribling now is in  
New York.

Twombly's Poke Tallies Lee  
With Winning Score

Shellenback Pinch-hits and

McDaniel and Kerr Also Rap  
Out Circuit Wallops

BY BOB RAY  
You've got to hand it to Oscar  
Vitt's Hollywood Stars for one  
thing: they can beat the opposition  
and make them like it. Their  
method is sim-  
ple, they just  
wait until the  
final inning be-  
fore getting  
their winning  
run, thus allow-  
ing the opposi-  
tion players to keep  
the impression  
that they have a  
chance to cop  
until it's all over.

The Stars  
poked out the  
Mission Bells  
again yesterday,  
the score being 8 to 7 and the game  
was maybe just a bit more excit-  
ing than Tuesday's struggle. Dud Lee  
scored the winning run in the ninth  
when he lined down off McDaniel's  
glove hand and came home  
when Babe Twombly's grounder  
looked an unexpected hop over Or-  
don Slade's head for a single. Lee's  
hit and run proved especially help-  
ful to the Stars, for just before Dud  
doubled Hank Hulvey had been  
picked off second base for the first  
out in the ninth.

If ever there was a see-saw  
struggle yesterday's battle be-  
tween the Stars and Stars was  
one, with three timely home  
runs completely changing the  
aspect of the situation, as  
less than three different oc-  
casions.

HANK FOR SHELLBACK  
Frank Shellenback, the pitcher-  
pinch hitter with the wallop, pre-  
sented the first of the circuit clouts  
when he went in to bat for  
Gordon Slade in the sixth in-  
ning. The Stars were one run be-  
hind, two men were on and there  
were two out when Shelly delivered  
his timely shot, which soared into  
the right field bleachers. Shelly is  
certainly the prize pinch hitter of  
the loop. In his last three at-tempts  
at this role Frank has clouted out  
two doubles and a homer. His double  
Tuesday scored two runs and  
tied the score after two were out in  
the ninth.

Shellenback is certainly a hero  
in the fans' eyes at Wrigley field  
and a great crowd is expected to-  
day for the Stars' softball pitcher  
will be on the mound. Nelson is  
expected to twirl for the Stars, but  
Bill Hughes is also ready for a turn  
on the rubber.

Going back to the home run,  
Chill McDaniel outlived Shel-  
lenback's clout in the Mission  
seventh when he drove one of  
Phil Mulcahy's offerings clear  
over the right-field screen and  
brick wall. Boone and Huff  
scored ahead of the first sac-  
er to put the Stars in front once  
more, 7 to 6.

Johnny Kerr immediately evened  
the score in the Hollywood half of  
the seventh when Krause served  
up a fat one that the Shells sec-  
ond-sacker poled over the left-field  
barrier. And that's the way the score  
remained until Lee came home on  
Twombly's single in the ninth.

ANOTHER WIN FOR HANK  
Hank Hulvey, who replaced Mul-  
cahy in the seventh, finished it out  
on the mound for the Stars and was  
credited with the victory, his sec-  
ond in two games. Hank pitched a  
total of only three and a third  
innings Tuesday and yesterday  
and turned in two victories, which in-  
dicate that he's at last getting some  
good breaks instead of all bad ones.

The Stars, although they made  
three errors, played a lot of brilliant  
ball and added four more double  
plays to their growing total. Johnny  
Jacobs, the ex-Seattle fly-chaser  
who made his Hollywood debut yester-  
day, started the first of the twin  
killings in the fourth. McDaniel  
opened the round with a double and  
then Slade lined one down the  
right-field line. Jacobs made a  
great one-hand catch of the drive  
near the foul line and then whipped  
the ball to Kerr. McDaniel at-  
tempted to take third after the  
catch, but Kerr's perfect relay to

## YANKS LEAD BY 88 POINTS

OLYMPIC STADIUM, AMSTERDAM, Aug. 1. (P)—After seeing  
Percy Williams of Canada, romp away with the 200-meter crown for  
a double in the sprint and Sidney Alderson of South Africa win the  
110-meter high hurdles, American field event performers came to the  
rescue today to win the discus and the pole vault and give their country  
two of the four championships decided.

The weight of the field event performances as well as the winning  
of places in the other events ran up the American total of points to  
123 1/2 for the game thus far, tripling the score of Great Britain, which  
was the nearest rival with 33. Canada moved up to third with 28 points  
and Finland had 23, Germany 22 1/2, Sweden 21 and South Africa 14.  
Scoring under the unofficial system of giving 10 points for first place,  
5 for second, 4 for third, 3 for fourth, 2 for fifth and 1 for sixth, the  
standing tonight was:

## DAVIS PREDICTS FLYING STRIDES

War Secretary Guest at  
Chamber Luncheon

Tells of Fight to Conquer  
Fog and Darkness

Declares America No Longer  
Lags in Aviation

Benefits far greater than the public has enjoyed from aviation in developments that the War Department and meteorologists are forecasting, Secretary of War Davis said, and he outlined "a few of the things that will be done" in the future of aviation. He was speaking at a Chamber of Commerce luncheon at the Hotel Santa Monica, which was held in honor of the Secretary, who is here for a brief visit, and the well-known aviator, Capt. George H. S. Wright, first to fly over the Pacific Ocean.

### CONQUERING FOGS

"First," he said, "we are trying to conquer fog, one of the greatest aviation dangers." He explained how the Army is developing radio beacon which will lead the thousands of one projects which army scientists are directing their efforts.

"We are not behind Europe or any other country in the world in aviation today," he said, contrasting the situation now with that of the recent past. "We have 1000 airports and 600 in construction. We are building a network of airways which will cover the whole country. Our commercial aviation is in contrast to subsidized development of commercial aviation in Europe, developing along sound financial lines."

### WILL FLY HIGHER

It was to study meteorological conditions in the Arctic region that the Army is planning to fly over the roof of the world and soon is to attempt another airplane expedition in the Antarctic. The distinguished aviator explained. It is his expressed opinion also that the future of aviation lies in altitudes far above those now made use of, and thereby take advantage of the high velocity winds that blow in the stratosphere. He said the Arctic air line is much safer and more certain than the Australian paid tribute to the Los Angeles-made Lockheed airplane, which he said was the best of its kind.

### DAVIS, JOHNSON AND SWING AT BREAKFAST CLUB

The breakfast club at its early morning gathering yesterday had as guests Secretary of War Davis, Mr. Johnson, and Mr. Swing. The breakfast club is a group of men who meet for breakfast at the Hotel Santa Monica. The club is composed of men who are interested in aviation and who are also interested in the progress of the war.

## JOHNSON JABS AT DAM FOES

Holds Asserted Power Fund Robs Public That Paid  
it; Declares Tariff Issue Vital to California

Southern Californians are picking their own pockets to bribe themselves, according to United States Senator William Johnson, who spoke last night at the Alexandria. The reference made by the speaker was to the asserted fund raised by power interests to defeat Boulder dam legislation which he declared came out of money paid by the power-consuming public.

## BREATH OF ADVENTURE FANS COURT

Tale of High Emprise in  
War Days Masked Under  
Routine Probate Order

A story of stirring adventure was written into the bleak records of the Probate Court yesterday. Before Judge Beecher was Matilda Phillips, widow, with her application for discharge as executrix of the estate of Paul Phillips, her son. She had \$4000 to account for.

## MRS. CLARK WILL FACES BAR FIGHT

Niece Declares Angelino  
Incompetent to Dispose of  
\$1,000,000 Estate

Charges that Amanda E. Clark, widow of Joseph K. Clark, and aunt of William A. Clark, Jr., was incompetent and unduly influenced by others when she drew her will disposing of her \$1,000,000 estate, are contained in a contest of the document filed yesterday in behalf of Lillie V. Talbot, a niece. Mrs. Clark, for a long time before her death was subject to cerebral hemorrhages, the contestant asserts.

## COOKING COURSE TO START

Dr. Lovell Will Begin Tomorrow to Show Proper  
Methods of Preparing Food

A large class is expected at The Times' demonstration room in the Southwest Building, 130 South Broadway, at 3 p.m. tomorrow for the opening of the five-lesson course in dietetic cooking to be given by Dr. Philip M. Lovell, health expert. The course will be free.

## SPAIN RECLAIMS SANTA BARBARA

Colorful Hacienda Days  
Revived in Fiesta

Mission Bells Again Peal Out  
Their Welcome

Pageant Will Depict Early  
Days of City

By a "Times" Staff Correspondent  
SANTA BARBARA, Aug. 1.—Santa Barbara's fifth annual old Spanish day fiesta was formally and traditionally opened tonight at the old mission, with services commemorating the restoration of the old structure, completed last year. Hundreds assembled in front of the mission to hear the services, relayed from the chapel by loud speakers. The colorful ceremony completed, the padres marched out upon the stone terrace to music of the church organ, where the guests were welcomed to the mission.

## The Lancer

By Harry Carr

THERE is no dodging this fact: That the English and Canadians have won these triumphs in the Olympics because they have the fighting heart.

The British athletes call on the same old stuff that enables England to do the wrong thing in every particular in every war; and then win the war.

Even Nelson, although a master tactician, was a bad strategist.

A CHARMING CITY  
The opening of the Spanish fiesta at Santa Barbara shows that a little earth shaker can do for a city . . . if it has courage.

Since the earthquake Santa Barbara has become the most charming and most colorful city in America. You can look North America over and not find anything that approaches it. Paso de la Cholla.

It is one of the few western cities with some enough to avoid skyscrapers. There is a reason for skyscrapers in New York, which is located on a skinny strip of land, like a shelf; there is no reason for them in the West, where there is room to spread around.

PREHISTORIC SURGEONS  
An investigator for the Field Museum of Chicago has discovered that the ancient Mayans understood facial surgery; the dusky hoppers probably had their faces lifted.

It has been known for a long time that tribes reaching much further back into the past than the Mayans practiced delicate trepanning operations on the skulls of living people. At the San Diego exposition there were a number of skulls showing patchwork.

The chief importance of these facts is not that girls were the same then as now; but rather that, years before we even heard of anesthetics, the primitive people must have known of one.

GENE TUNNEY  
Gene Tunney has decided to retire from the profession of athletic combat.

Just why a young gentleman of his brains with \$1,700,000 in the bank, should go on punching other people's faces, and getting his own punched, is not clear—even to Gene.

From all accounts he is a young fellow with a fine intellect, the cleanest of moral principles, and an ambition to be wealthy. It is my guess that he will be found in Hollywood as a film producer before he is much older.

SEE WHO'S COMING  
The delightful and fascinating Queen Marie is coming to Hollywood, also, to be a movie.

Although this will mean a sharp reduction in rank for all the film counts, duchesses and dukes, I feel sure she will be a pronounced and a success.

Already she has shown that she has, to perfection, the first requisite, she makes somebody else pay all the bills.

## BURNED HOUSE HINTS MURDER

Fire Believed Aftermath of

Vacant Laurel Canyon Home  
Under Suspicion

Wild Party Said to Have  
Ended in Fight

A story of a fight in the grounds of a deserted house, a possible murder and nocturnal reveling was disclosed by investigation yesterday of the fire which destroyed that house in Laurel Canyon at midnight Tuesday.

As a result police and fire-department investigators today will search the underbrush in the gully near where the house stood for a body which may bear out their theory that the seven explosions that preceded the outbreak of the fire were in reality the reports of pistol fire that occurred as two men fought to the death.

### WILD PARTIES

A woman residing across the way from the scene of the fire has stated that on Tuesday night she saw two men fighting on the edge of the gully, that one seemed to be badly beaten and then was thrown down the slope and crashed into the underbrush.

In addition, Battalion Chief Knox of the fire department bureau of investigation has discovered that the supposedly vacant house has been the scene of wild parties from time to time during the past year, and that such a party was held Tuesday night. Evidence tends to show that the affair broke up in a fight and that the explosions heard by canyon residents just prior to the fire may have been pistol shots fired during the battle.

### WELL HIDDEN

Investigators believe that automobile parties, knowing that the house was vacant and that it was well screened from curious eyes by trees and shrubbery, used it as a place for holding parties at which liquor and women were featured. The house formerly was the property of Harry E. White. About a year ago it came by foreclosure into the possession of the Sierra Mortgage Company of 825 Santa Monica Boulevard, Santa Monica. Officials of that company stated to investigator Price of the fire department that the place has been "criminally and vacantly" for a year, and that there were no connections for electric service. The last statement precludes any chance of the fire having been caused by a short circuit or faulty wiring, it is said.

### OIL TANK PERMITS GIVEN

Permission was granted to the General Petroleum Corporation yesterday by the Harbor Commission for the construction of two 40,000-barrel oil storage tanks and fire walls at a cost of \$25,000, at 801 South Seaside avenue, Terminal Island.

### MUSICAL EVENT PLANNED

The Friday luncheon program at the Music Club will feature Rita Schaefer, violinist; Helen Schaefer, harpist; and Jeanne Schaefer, cello and mandolin.

## LIFE-CASTS TO DEPICT STATE'S STORY

Process From Flesh to Wax Used to Create Exhibits

Model Demonstrates Methods of Making Molds  
Lillian Lester, professional study, who assisted in illustration of methods by which L. E. Oates (standing), founder of Museum of California History, obtains figures for scenes to be installed in institution.

LEARN to plaster of Paris to wax has nothing to do with baseball. It is simply the formula which L. E. Oates, founder of the Museum of California History, uses in preparing the figures for the exhibit soon to be established in a building in Los Angeles.

### DEMONSTRATION MADE

Yesterday Oates and his staff gave a private demonstration of just how the thing is done. Miss Lillian Lester, one of his models, posed as an Indian girl for the Yang-Na set. Yang-Na, Oates explained, was an Indian village near where Los Angeles now stands, that historians believe was inhabited by a tribe of Indians possessing distinctly Mongolian features.

Miss Lester, seated in a form previously made, and completely coated with vaseline, was covered to her neck with the plaster of Paris. Thin mixture was used at first. This was soon strengthened and gauze soaked in the mixture to make it stronger. As additional layers were applied, the workman made the mixture thicker, and added coarse hemp to give the thing body. Just before the entire mixture hardened, strings which had been attached by sticks to Miss Lester along designated lines, were pulled out, dividing the cast into sections. These sections then were removed without breakage and a perfect mold was formed.

### HEAT RACED

The chemical action of the plaster of Paris and water causes heat and the workmen were forced to top speed so that the job could be finished before it burned the model.

### WORK TO BE LAID

The starting of proceedings for the paying of D street in the Wilmington district from Dominguez avenue to Broad avenue was ordered by the City Council yesterday in response to a property owners' petition.

### Important historical data for the various groups. One scene, the driving of the golden spike, will contain eighty figures.

### Manufacturer Lauds Airplane

"An airplane is the most businesslike and safest mode of transportation," said B. G. Dahlberg, president of the Celotex Company and of the Southern Sugar Company of Chicago, yesterday upon his arrival in his personally owned Stinson monoplane. He was accompanied by his attorney, Herman Lubetkin; his secretary, T. O'Hern, and his pilot, George Pomeroy. "I have used aviation for nine months now and as I have occasion to visit many parts of the United States I am convinced that the time-saving has more than offset the added expense of air travel over other means," he continued.

### WORK TO BE LAID

The starting of proceedings for the paying of D street in the Wilmington district from Dominguez avenue to Broad avenue was ordered by the City Council yesterday in response to a property owners' petition.

## MIX-UP IN SIMILARITY OF NAMES

Donald MacKay Mentioned  
Erroneously as Connected  
With Allen Bail Inquiry

Confusion arising over similarity of names in the investigation of dismissal of charges against L. D. Allen and the L. H. Allen bail-bond case, caused the name of Donald MacKay, Deputy District Attorney, to be mentioned erroneously in connection with the Bar Association investigation of the latter case in an article carried in The Times last Tuesday.

Investigation shows that MacKay's name was mentioned only in the L. D. Allen case and after appearing at a hearing before the Civil Service Commission he was exonerated of all charges of alleged misconduct, as previously stated in The Times.

This case is entirely apart from the L. H. Allen case, which is presently under investigation by the California State Bar Association, which will resume its sessions this month.

MacKay's name has not been brought into the Bar Association inquiry at any time, only the names of Forrest Murray, Deputy District Attorney, and Howell Richardson and Benjamin Eiconin, attorneys, having been mentioned.

### YOUTH AND OLD AGE GO AIR SAILING

Angeleno Celebrates His  
Eightieth Birthday Aloft;  
Actress Takes First Ride

Youth and old age took their initial air flight yesterday when J. A. Brock, celebrating his eightieth birthday, and actress, 21-year-old motion-picture actress, took off from the Glendale Airport with Pilot Bob Larson for a bird's-eye view of Southern California.

"Say, boy, that's the best experience I've had since I landed here thirty-eight years ago," Mr. Brock told the pilot.

"It helped my hearing, too," he said. "I had a hearing test yesterday and the doctor said I was doing better than I had in years."

Mr. Brock was flying in a Thunder Bird plane of the General Aircraft Corporation, and seemed low over his Verdugo hillside residence at 2601 N. Hollywood Drive.

Miss Burbacher, residing at 5610 Deane avenue, was also on the flight.

### CONFLICT FOUND IN JURY RULE

Superior Court Judges  
Decide New Regulation  
Should be Revoked

Litigants cannot be compelled to pay mileage for jurors. It is against the provisions of the county charter, and the rule, recently promulgated by the State Judicial Council requiring such payment, will have to be revoked, as far as this county is concerned.

It was determined yesterday by the Superior Court, sitting in full session pursuant to a call by President Judge Hahn. The rule technically became effective yesterday.

The county charter plainly enjoins the treasurer and auditor to pay mileage to jurors. The new rule required the litigant demanding jury trial to do so. Thus jurors might be called to duty without being paid.

The Superior Court judges yesterday agreed that no more jury case setting will be made until September 1. This gives the judicial council thirty days in which to revoke its ruling or find some way to reconcile it with the county charter.

number of persons of national importance and several institutions who he said had received money from the utility organization for assistance in their campaign.

SCOTT PRAISES HOOVER  
Senator Johnson was preceded by Joseph Scott who praised Herbert Hoover.

"I am proud to say that I am a Californian," said Mr. Scott, "and I want the whole world to know that this State can produce Presidential timber second to none in this generation."

The Senator was introduced by Senator Flint.

Today Johnson will be the guest of the City Club at luncheon and later will go to Long Beach, where he will speak at a dinner to be given there.

### LAEMMLE HONORED

The Hollywood Association of Foreign Correspondents last night honored Carl Laemmle, veteran film producer, at a dinner and dance at the Roosevelt Hotel in Hollywood.

The guests included many prominent producers, directors, actresses and actors of the moving-picture industry. Rita Kestin was master of ceremonies.

## AID FOR HOOVER URGED BY CRAIL

Prohibition and Enforcing  
of Law Called Issues

Club Hears Attack Made on  
Record of Gov. Smith

Senatorial Candidate Urges  
Defeat of Johnson

"The people of the United States have made the issue in the coming Presidential campaign, and that issue is prohibition and law enforcement," declared Representative Crail, candidate for re-election from the Ninth California District, in an address given yesterday at the City Club.

"Government itself is at stake in this country and we may safely entrust the affairs of our nation to California's illustrious son, Herbert Hoover, who will be the best loved President since Lincoln," he said.

Discussing the candidacy of Al Smith, Mr. Crail said that the New York Governor is an advocate of light wines and beer and that he always has betrayed the open saloon.

SMITH DEBATED  
"How such a man can have the effrontery to expect the citizens of the country to make him their Chief Executive is beyond the understanding of intelligent, law-abiding men and women," said Mr. Crail.

"For twenty years Alfred Smith has faithfully served that institution of graft known as Tammany Hall and there is no indication that he would betray that organization if he should be placed in the White House."

Regarding Colorado River legislation, the speaker declared that "if Smith is elected he shall never have the Boulder Dam."

JOHNSON ASSAILED  
Declaring that Boulder Dam legislation favorable to California will be indefinitely delayed or lost if Senator Johnson is re-elected, Minor Moore, Democratic candidate for the United States Senate, told the audience that he has himself been a victim of the Boulder Dam legislation to a successful conclusion, if elected.

"Senator Johnson has made so many blunders in his attempt to obtain a particular type of Boulder Dam measure that he has lost the support of the fundamental legislation, which will assure flood control to Imperial Valley and the acquisition by all of Southern California of vital hydroelectric power," said the speaker, who added that he will be able to obtain the support of many Democratic Senators for the river project.

Mr. Moore stated that under no circumstances would he favor a repeal of the Eighteenth Amendment, but added:

"I am ready to say now that I favor modification of the Volstead Act. I would modify it by the addition to the act of the following provisions: 'That any person found guilty of selling whiskey for more than 16 per cent, whether authorized by prescription or otherwise, shall be confined in the penitentiary for one year for each sale; this provision of property enforced will dispose of the bootlegging evil.'"

OTHERS SPEAK  
George Bush, speaking for Representative Evans, Republican candidate for Congress from the Ninth District, said that Mr. Evans has worked unceasingly for the Boulder Dam and for reappropriation which would give to Southern California her rights. Mr. Evans is in Tennessee, campaigning for Hoover.

Another other speaker was Congressman Randall and Wiley J. Phillips, candidates for the United States Senate, and Maurice J. McCarthy, Democratic candidate for Congress from the Tenth District.

The meeting was presided over by Mrs. Joseph Timmons, president of the League of Women Voters.

### FIRE TAKES HEAVY TOLL OF DAMAGE

Motion-Picture Negative,  
Garages and Truck Lost in  
Hollywood Blaze

The fire department spent a busy day yesterday answering calls to various parts of the city. A blaze starting from a pile of rubbish burned three garages and an automobile in violation of the law destroyed the valued at \$6000 and a truckload of motion-picture negative, valued at \$20,000, was burned in a spectacular blaze in Hollywood. A fireman was seriously injured in the latter case.

The garage fire spread from a burning pile of debris in front of the garage of the home of E. V. Porter at 1833 1/2 Malibu avenue, and burned in the soda therein. It then spread to 1527 Malibu avenue, destroyed the garage of A. Beebe. Following that the same blaze wiped out the garage of H. P. Bee at 3623 1/2 Sunset Boulevard. The building at 1533 1/2 Malibu was owned by Arthur Miller.

Fireman Alfred Rock, 35 years of age, of Hose Company No. 2, received first-degree burns about the face, neck and hands when he attempted to make a hose connection at Yucca and Ivar streets in Hollywood. An auto delivery truck owned by the Consolidated Film Industries of 5815 Melrose avenue was burning directly in front of the hydrant, it having been stopped there by the driver, Fred Granville of 1925 Tanager avenue, when he discovered the blaze. The fire destroyed the truck and its contents. It is believed to have been caused by a can of film which came open and allowed the inflammable strip to fall against the storage battery.

### PAVING BOUGHT

The paving of Sixty-first street from Arvon Boulevard to Broadway was yesterday asked of the City Council by property owners, the pavement to be six-inch cement concrete.

### PAVING ORDERED

The paving of Magnolia avenue with eight-inch cement concrete from Bellaire avenue to Diaz avenue, as requested in a 67 per cent property-owners' petition, was ordered by the City Council yesterday.

## BANK ROBBERY PAIR ARRESTED

Long Beach Hold-up Plunder  
Also Discovered

Slain Bandit Identified by  
Local Detectives

Confessions Made of Three  
Other Theft Raids

Recovery of more than \$28,000 in  
plunder, the capture of two asserted  
bank bandits, the death and identifi-  
cation of a third and the obtaining  
of confessions to three other bank  
robberies featured developments  
of the past twenty-four hours  
following a series of hold-ups  
here and in Long Beach  
Tuesday.

Vladimir Brusynski, 39 years  
of age, a Russian, and his wife,  
a German girl, were charged with robbery of  
the American branch of the  
Security Trust and Savings Bank  
after Long Beach police say they  
found \$17,813 in cash and \$11,120 in  
traveler's checks, stolen from the  
bank, in their home at Redondo Beach.

While Long Beach police  
were seeking this pair, Detective  
Lieutenant Pruitt of the Los  
Angeles Police Department was  
investigating the robbery of the  
United States National Bank  
at Sixth and Bixel streets and  
announced last that the bandit  
he shot has been identified as David  
Gladstone Davies of Unity, Sas-  
katchewan, Can. Davies was shot  
fatally by the officer when he was  
discovered in his hiding place in  
Westlake Park.

Pruitt discovered papers in  
Davies' room at 1823 Ingraham  
street, indicating he had worked for  
the American Potash and Chemical  
Company at Trona as late as Janu-  
ary, 1927, under the name of  
George Murphy. Letters showed  
his father is David Davies of Unity,  
Sask.

Despite Davies' dying declaration  
that the bank hold-up was his first  
robbery attempt, police are check-  
ing his record to determine why he  
was working in Trona under an  
alias. The \$11,120 taken from the  
bank was recovered when Davies  
was shot. An inquest will be con-  
ducted today at 1:30 p. m. at the  
County Morgue.

The woman in the case at Long  
Beach caused Brusynski's downfall,  
according to the police report. Two  
hours after the robbery detectives  
picked up the wife loitering in the  
vicinity of the bank and when she  
failed to give satisfactory answers to  
questions she was arrested. Later  
she led the officers to her home at  
Redondo and the plunder was dis-  
covered hidden in a bathtub.

HE CONFESSES  
Brusynski was found asleep in a  
private home at Huntington Park.  
Police say he not only confessed to  
the robbery Tuesday but also to the  
robbery of the Seventh and Ameri-  
can-avenue branch of the Bank of  
Italy on July 13, 1927; the Seventh  
and Redondo-avenue branch of the  
Bank of Italy on April 6, 1927, and  
the Pacific State Bank of Seattle  
on May 13, 1927. Plunder obtained  
from these four robberies amounted  
to approximately \$72,000.

According to the Russian's story  
his wife awaited him in an alley  
in the rear of the Security  
Bank Tuesday and following his de-  
parture from the bank he met her  
and handed her the money and  
she left immediately for the home  
in Redondo Beach, where she  
concealed the funds. Return-  
ing to the vicinity of the bank,  
where she was to deliver a suit-  
case to him, she was spotted by  
detectives and the arrests followed.

HOLD-UP OF BANK  
LAID TO UTAH CONVICT  
Robbery of the Whittier branch of  
the Bank of Commerce November  
23, 1927, yesterday was charged to  
C. E. Redding, Utah convict, in a  
complaint issued by the District  
Attorney's office.

The tip leading to the complaint  
was supplied to Sheriff Traeger by  
a mysterious woman who sent the  
attorney a note stating: "The man  
who held up the Whittier bank last  
year is doing time in the Utah  
pen."

The Sheriff submitted photog-  
raphs of Utah convicts to G. R.  
Donaghy and Mrs. Helen Lambie,  
employees of the bank, who identi-  
fied Redding as the bandit.

Seizure of Opium Stock  
Follows Arrest of Negro  
and Mexican Wife

Two persons are in jail and de-  
tectives announced last night that  
they have evidence which will lead  
them to the seat of narcotic opera-  
tions in Los Angeles, following  
raid on an East Fifty-fourth street  
home.

The pair in jail are Herbert Prioleau,  
23 years of age, a negro, and his  
wife, Lena, 19, a Mexican, who  
were taken into custody after De-  
tectives-Lieutenants Duede and  
Brown and Detectives Luckenbach  
and Dundas said they had pur-  
chased \$50 worth of opium from  
the couple. They are held for viola-  
tion of the State Police Act.

When taken to jail Prioleau told  
detectives, they said, that he can  
get all the narcotics he can dispose  
of in Hollywood. Mrs. Prioleau,  
the detectives said, admitted mak-  
ing trips to Mexico and obtaining  
morphine and opium.

## GULLS JUST WON'T BE GULLED

Wise Old Owl Has Nothing on Fifty Feathered Extras  
Who Perform Their Roles for Von Sternberg and  
Then Insist on Eternal Contract

For two weeks the casting office  
and executives of a Hollywood film  
studio worried and fretted, about  
getting fifty seagulls for atmosphere  
in a picture about New York's  
water-front life. Yesterday these same officials ad-

Commission and the Federal De-  
partment of Agriculture. Thou-  
sands of words of explanation and  
assurances that the seagulls would  
be cared for as no fifty seagulls  
were ever cared for before won au-  
thority to trap the birds.

Director Von Sternberg wanted

mitted they will probably have to  
worry for many weeks, devising a  
way of getting rid of the gulls.

Bob Lee, assistant casting director  
at Paramount, was given the dif-  
ficult assignment of getting the fifty  
birds. He started out by bea-

He was informed that sea gulls,  
classified as "migratory scavengers,"  
are protected by Federal and State  
law. Then he was confronted with  
the lack of getting permission from  
the California State Fish and Game

the birds because he demanded  
realism in shooting sequences for  
his picture. While the birds were at  
the studio they were well cared for  
and well fed.

But the day came when they  
weren't needed longer as Lee turned  
them loose from their cages.

"But the things won't go away,"  
L. said yesterday. "They were so  
well fed that we can't get rid of  
them no matter how we try."

Now sure to be around for some  
wise person to help him out of his  
problem.

## PLAZA STATION BOOSTED

Plan for Building Rail Terminal in Time for  
Olympiad Launched at Dinner

Initial steps for an intensive campaign to bring about the construc-  
tion of the proposed Los Angeles union railway passenger terminal for the  
1932 Olympiad were taken last night when approximately 200 representa-  
tives of civic organizations met at dinner and rally in the L.O.O.F. Hall,  
3600 Whittier Boulevard.

W. L. Cummings, speaking for  
the Committee of 100, the organi-  
zation which is leading the terminal  
campaign in east Los Angeles,  
sounded the spirit of the meeting  
when he said:

"We have a union terminal with  
which to greet the world delegates  
for the Olympiad. We want it in  
the spot which nature has provid-  
ed for it—at the Plaza. Railways  
follow the waterways, and it is here  
they all converge."

"The expense is negligible when  
we realize that the three lines in-  
volved are equal to any in strength  
and resources in the world. The  
approximate cost, divided equally  
among the three would be \$3,000-  
4,000 apiece."

"We do not want to get the termi-  
nal in force, rather we want it to  
come about by co-operation and  
conciliation. The present litiga-  
tions in state and national courts  
does not represent the spirit of Los  
Angeles. We are certain that the  
City Council and the railway com-  
panies can agree and that our  
Plaza terminal will result."

Speaking on the relation of a  
union terminal and an airport, Wel-  
ter Ham, vice-president of the Na-  
tional Aeronautics Association, de-  
clared that the two must at least  
be together. He went further to  
suggest that a landing-field  
should be planned for the roof of  
the terminal.

HEAVY TRIP

COAST SEEN

Bumper Crops Indicate  
Heavy Travel Westward  
During Winter

A bumper wheat crop in Kan-  
sas, good prospects in Texas, Okla-  
homa and the other Eastern States  
served by the Santa Fe are putting  
millions of dollars in circulation and  
should result in a deluge of travel  
to California and the Coast this  
winter, according to J. M. Connell,  
general passenger agent of the sys-  
tem at Topeka.

The official accompanied Sec-  
retary of War Davis and party to Cal-  
ifornia. He started back to his  
headquarters last night.

"The passenger travel the com-  
ing winter season will start early and  
from inquiries in the travel centers  
it is going to be good," said Mr.  
Connell. "An inviolable rule is that  
when the farmers in the middle  
and central western States grow big  
crops prosperity overflows and  
travel increases."

The Topeka official said the sum-  
mer travel had been holding up  
well and every inducement is be-  
ing held out to come to California  
while conditions are ideal, both as  
to weather and the harvesting of  
the fruit and other products.

Notables of aviation were brought  
together at an banquet of the South-  
ern California chapter of the Na-  
tional Aeronautics Association held  
last night at the Ambassador.

Sir Hubert Wilkins, who flew  
across the North Pole, and who has  
just completed a three-year inves-  
tigation of the air currents of the  
Arctic Circle; Mrs. Keith Miller and  
Capt. William Lancaster, who made  
the trip from England to Austral-

the Southern Cross; Lieut. Henry H.  
Ogden, round-the-world flyer, and  
Lieut. Lester J. Maitland, who made  
the first San Francisco-Honolulu  
hop, were among the guests.

Capt. Wilkins, who was the spe-  
cial guest of honor, paid tribute to  
the other guests for their achieve-  
ments, saying "that in comparison  
to the over-water flights his Arctic  
flights had been much safer" be-  
cause in case of trouble there was  
available landing every fifteen or  
twenty miles on the Arctic ice.

Each of the guests as they were  
introduced by D. F. MacDaniel,  
chapter president, told of the inci-  
dents of their flying experience.

The greatest aeronautical event  
ever held was the prophecy made  
by Cliff Henderson of the N.A.A. in re-  
gard to the national air races to be  
held in Los Angeles in September at  
Minors Field. He told of the expo-  
sition which will be conducted in  
conjunction with the national races.

## FIRE HERE LAID TO SOVIET HATE

Lawyer in Hollywood Blast  
Trial Drops Hints

Russian Witness in Case  
Quizzed on Old Foes

Says Discharged Employee  
Only Likely Enemy

That the vengeful hand of red  
Russia found its way into Holly-  
wood and fired the Russian Eagle  
Cafe, rendezvous of motion-picture  
folk, was the intimation made yester-  
day in Superior Judge Donan's  
court, where Michael Tocase, Rus-  
sian art dealer, is on trial on  
charges of arson and burning in-  
sured property.

The cafe was operated by Gen.  
Theodore Lodijensky, a former of-  
ficer in the Russian Imperial army,  
who, upon the collapse of the  
Czarist regime, came to Hollywood  
and launched a restaurant busi-  
ness.

Acting upon the theory that  
enemies of the Russian aristocracy  
might have fired the cafe, Defense  
Attorney Stanley Visel subjected  
the general to a lengthy cross-ex-  
amination yesterday in an effort to  
determine whether the general knew  
if he had any enemies in this  
country.

The witness, however, replied that  
he had "no enemies I know of."  
"It has been nine years since I  
left Russia," said Gen. Lodijensky.  
"I don't see why anyone there  
should single me out for anything  
like this."

The general stated the only one  
he knew who might bear him  
animosity was a former employee  
who had been discharged for break-  
ing dishes.

The prosecution will conclude its  
case this morning, according to  
Dep. Dist. Atty. Aggeler and Clark,  
who are prosecuting. Defense At-  
torney Stanley Visel will immedi-  
ately undertake the examina-  
tion of defense witnesses in an  
effort to clear Tocase of the  
charges.

LIBRARY AIDE NAMED  
Appointment of Miss Margaret  
Hickman, former librarian of the  
public library of Rochester, Minn.,  
to the position of principal of the  
foreign department of the Los An-

yesterday by the Board of Library  
Commissioners. Mrs. Maryetta Mac-

DEFENDANT GETS YEAR IN JAIL  
One year in jail and \$1000 fine is  
the sentence given by Municipal  
Judge Ballard to William Haase,  
3701 Grand View Boulevard, yester-  
day. Arresting officers testified  
that Haase had a complete liquor  
gating and bottling plant at his  
home. Deputy City Prosecutor Hig-  
gins showed that Haase had been  
convicted three times previously of  
violation of the Wright Act.

Subsequently the harbor board,  
on motion of President Allen, of-  
fered the company \$8000 an acre  
for the property. The company  
came back with a request for \$13,500  
an acre.

President Allen declared yester-  
day that the land was not worth  
more than \$8000 an acre. James  
Regan, head of the owning com-  
pany, flatly refused to accept a  
lower figure than \$13,500 an acre,  
and President Allen made a motion,  
which was approved, that the pro-  
ceedings to acquire the land be  
dropped.

The commissioners also approved  
a motion to abandon plans for ap-  
peal against the decision of the  
court in refusing a new trial in  
the condemnation suit.

## AR BURGLARY SUSPECTS CAPTURED

University Station Held  
Two Accused of Robbery Outbreak

Detectors from the University division yesterday announced the arrest of two men who, they have been stealing automobiles, committing burglaries and passing worthless checks in Los Angeles some time. Five cars which, police report, were stolen were recovered and it is expected that twelve more will be located in a few hours. One of the men has confessed, police say.

On Sunday, according to the police report, Ben Koula, 22 years of age, residing at 1721 West Second street, was surprised as he was stripping a car in the drive foothills. He fled, but a chase in which bullets were exchanged was captured and taken to University Station. Acting upon information received from Koula, Detective Lieutenant Huling, Charles Horrell and Magana, after a ten-hour vigil, arrested Ed Wilson, 24, when he came to his home at 2223 University avenue yesterday afternoon. Watson attempted to escape, but police fired at him as he surrendered after a chase of two blocks.

## NAVY DRYDOCK ON COAST URGED

Mobile Construction for  
Southland Wanted

Estimated Cost Would be  
About \$425,000

Means of Repairing Damaged  
Ships Here Sought

Construction of a mobile, floating dry dock for use in the San Pedro-San Diego area and which will be capable of docking all craft of the battle fleet except dreadnaughts and large cruisers is proposed by the Navy Department, it was announced yesterday. The dock would cost approximately \$425,000.

In a communication received at the last base yesterday need for the mobile dock was pointed out in the fact that there are thirty-nine destroyed, twenty submarines and twenty auxiliary craft based with the fleet in this area, in addition to the twenty-eight destroyers decommissioned at San Diego. The only available facilities in Southern California at present is the obsolete marine railway at the San Diego destroyer base.

Were the floating dry dock available, it was declared, it could be moved easily either to this port or to San Diego should a ship become damaged at any Southland port. The dock also would be available for use by merchant shipping, as well as of great value in the event of a submarine casualty.

Construction of the new dock will be an item in the \$12,000,000 naval shore construction bill, which will be submitted to Congress next December by Representative Britten. The shore establishment bill includes developments on both the Atlantic and Pacific coasts, Pearl Harbor, Hawaii, and the Canal Zone.

## DOCTOR HELD IN DRUG CASE

Dr. Carol S. Middleton, 27 years of age, said to be a physician in the East, was arrested yesterday on a charge of suspicion of violation of the State Poison Act.

According to Detective Lieutenant Yokum of the narcotic detail and Operative Luckenbach of the State Pharmacy Board, the doctor had been prescribing morphine for his wife, Vernice.

Authorities state that Dr. Middleton is not permitted to prescribe the drug for habitual users.

## SIX HELD AS SMUGGLING SUSPECTS

Mexican Under Arrest  
Asserted to be Head of  
Traffic in Aliens

With the arrest and arraignment yesterday of two Mexicans, said to be heads of a smuggling ring, and four Hindus, whom the Mexicans were said to have smuggled into this country, immigration agents believe they have a man who for four years has piled a trade in humans across the border.

Alejo Castillon, said to be the leader of the asserted plot, although crippled, is reported to have piloted the Hindus across the border several miles west of Mexicali. With him were arrested Jose Ramirez and four Hindus.

The entire crew is said to have been captured at Mojave Wells, between Needles and Barstow. It is asserted that the intention was to get the Hindus to Fresno, where there is a large number of their race.

The six were arraigned before Acting United States Commissioner Turney, who held Castillon on \$3000 bail, Ramirez on \$2000 bail, and the four Hindus on bail of \$1500 each.

Under a ruling handed down yesterday by Superior Judge Tryon the Jell-X-Cell Company is forbidden the use of its name.

The restraining order was issued in favor of the Jell-Well Desart Company which complained in a lawsuit that the name Jell-X-Cell was an infringement. Trial of the suit lasted several weeks.

The court also ruled that a reference in the case he made for an accounting to be used by the court as a guide in assessing damages.

## SANTA MONICA BARS GAMBLING

City Commissioners Order New Law Drawn

Flasher, Tango and Others Be Prohibited

Action Taken in Defense of Public Morals

By a "Times" Staff Correspondent  
SANTA MONICA, Aug. 1.—Dooms of what has been described as the worst gambling in the city of Santa Monica Bay District was sealed today when the City Health Department, following request of the Los Angeles Commission, instructed City Attorney Coffin to prepare an ordinance to take effect immediately, barring the games known as flasher, tango, and others, and all games of a similar nature from the Santa Monica promenade.

Mayor Michel and the two City Commissioners, Morion and Spradling, still held that the games played are legal under the State as interpreted in a letter from the Attorney General. Today's action is on a section of the city code which makes it possible for commissioners to prohibit any new game which may become popular in any way against public morals.

"It would have been useless for the city to prohibit these games if they flourished in our neighborhood of Los Angeles," said Mayor Michel. "Now that the Los Angeles commission has taken a definite stand, we can proceed effectively through the city code."

The letter from Coffin, which has been referred to many times at the Santa Monica City Council, states that the games are legal under the State as interpreted in a letter from the Attorney General.

## HEALTH BOARD'S PULSE FEVERISH

Internal Disorder Indicated by Ouster Request

Resignation of Spradling Asked in Mayor's Name

Commissioner Lays Trouble to Feud With Parrish

With Acting Mayor Bonelli trying to get at the bottom of the trouble in the City Health Department between the Health Commissioner, Spradling, and Health Officer Parrish, the City Health Department today received a letter from the Mayor asking for the resignation of Spradling.

At the City Hall Spradling admitted that he had received a letter from the Mayor asking for his resignation, but said that he was waiting for Mayor Coffin's return from his vacation to have an opportunity to hear from the Mayor himself that he desired Spradling's resignation.

"If the Mayor tells me that he wants me to resign from the commission I'll do so," said Commissioner Spradling. "If I am removed from the commission, well, that's something else."

"EVERYTHING LOVELY"

"I have nothing against Dr. Parrish. I have always been strong for him. I have not been blocking the resignation of the board and have always been ready to hold a meeting, and so has Commissioner Parrish."

"The truth is that Dr. Parrish does not like Parrish and does not want him re-elected president, or even on the commission. Parrish wants to resign from the commission."

"I had promised to vote for the resignation of Mr. Parrish and I suppose that has made him angry. Dr. Parrish does not like Parrish because the latter tries to keep the doctor from writing red-hot letters to the State Board of Health or anyone else who does not agree with him."

The health commissioner pays a salary of \$100 a month. Spradling has independent means and said that he has devoted much time to his health commissioner's duties, as he likes the work. Friends of Spradling and Parrish in the Spradling-Parrish feud charged yesterday that Dr. Parrish was a health commissioner of "yes" men for him and his recommendations and for that reason turned on Spradling and Parrish.

BONELLI GOES SLOW

It was indicated by Acting Mayor Bonelli yesterday that he will take no action in the Spradling-Parrish row until he has talked with Spradling and has completed an investigation to determine if the public interest is involved or the matter is simply one of personalities and politics.

In the letter signed "George E. Coffin" dated July 23, which Spradling showed yesterday, the Mayor said that there appeared to be a rapidly widening breach between Spradling and Parrish, that Dr. Parrish "has his faults, like other men, but it is not my desire that his present connection with the department be terminated," and suggested that Spradling submit his resignation to take effect at once.

Long Plunge Fatal to Man; Cause Disputed

Ferry H. Noble, 34 years of age, who lives with his mother, Mrs. A. J. Noble, at 119 South Avenue 54, died in the Georgia-street Receiving Hospital yesterday afternoon following a seven-story plunge from the ninth floor of the Subway Terminal Building, South Hill street.

Although his mother, insists the fatal plunge was accidental, police declare the man jumped with suicidal intention.

The body landed in the court which covers the area surrounded by the second floor of the building. Mrs. Noble said her son, who was injured two years ago, has been making regular calls on Dr. Floyd Thurber, whose office is in Room 804 of the building, and that she believes he wandered into the wrong room and accidentally fell. She learned of his fall through newspaper accounts.

Several women fainting at the man's body hurtled through the air.

New Hupmobile on View Today

Announced by the local distributor as the finest creation in more than twenty years of Hupmobile manufacture, new 1929 models of both six and eight-cylinder Century Hupmobiles are to be placed on exhibit today by the Greer-Robbins Company at 1509 South Figueroa street. Simultaneously, the new models are being shown throughout Southern California by Hupmobile dealers.

The new models, according to A. R. Reedall, manager of the local distributing house, incorporate many refinements and are capable of greater speed and power and are featured with new upholstery and interior hardware.

Hupmobile's success with its introduction of the first Century models for the 1927-28 season has been responsible for the greatest sales increase in the company's history. Supplying the 1929 models in nearly fifty different standard custom styles, the company announces its new cars with the expectation of still greater success, Reedall declared yesterday.

Davis Proposes to Lower Costs

Councilman Davis yesterday started a move in the City Council session to reduce the cost of condemnation of land for street openings and other street projects. The Councilman suggesting that the fee of referees or their number be reduced. Under the present condemnation proceedings three referees are appointed for each project and Davis says that they are paid by the court from \$80 to \$100 a day each. This expense is included in the assessments.

Davis suggested that the law be changed to permit one referee to hear condemnation cases, or that one or more referees be employed on salary. City Attorney Stephens was asked to make a recommendation.

Shop Employees to Have Outing

Employees of the Weatherby-Kayser shops will celebrate their twenty-fifth anniversary and outing at Lido Island Saturday. The affair will be the silver anniversary of the opening of the first Weatherby-Kayser shop in Los Angeles.

All seven of the concern's places of business will be closed Saturday in honor of the event. Prize contests for the members of the employees' association will be part of the program.

BUCKEYES TO GATHER

A picnic reunion for members of the Ohio State Societies in Southern California will be held all day Saturday at Bixby Park, Long Beach. County registers will be opened early in the morning and a program will follow the basket-dinner hour.
